....is a division of **TRIBALHUB**

Welcome to TribalNet's 21st Annual Conference & Tradeshow
we're so glad you're joining us- get ready for an amazing experience!

Welcome from Shannon Bouschor, Director of Operations- TribalNet

"2020...what a year! We are so happy that even during these changing times, you aren't missing an opportunity to connect at TribalNet. We can't let the moment pass us by, it's more important now than ever to stay engaged and connected! November 10-11, 2020 you will be experiencing something NEW and definitely of value by attending TribalNet virtually. Take the time over these two days to participate in sessions, engage in the general chat, booth chat or session chat, visit with vendors on the tradeshow floor and try your luck at winning by participating in the TribalNet Tradeshow Bingo and Scavenger Hunt. Once logged in, be sure to click on one of my favorites..."continue the conversations". This will be your opportunity to see others on video and chat post-session! Talk with your like-minded peers and make those connections that we know TribalNet attendees love year after year. Those conversations are in a small and easy to communicate setting. There's just so much to explore and gain from this year's conference, I can't wait for you to login and see!"

We hope you all have a great event and we'd love to hear about your experience!

We're excited to see you virtually this week, and look forward to seeing you in person (hopefully!) in 2021!
Plan now to join us for TribalNet 2021 in Grapevine, TX Nov 8-11, 2021!

WAYS TO ENGAGE
To get the most out of a virtual event you must explore and engage!

Chat Functions

Network & Chat

Click on this in the menu bar and you can find who is online to chat with! One-to-one text chat in the platform, group chats, public chats and you can even do a quick one on one video chat if you'd like!

Chat at the Booth

When you visit the booths on the tradeshow floor click the chat button at their booth- engage in a one on one text chat in the platform, a group chat or take it a step further and do a one on one video chat. Some vendors are hosting side zoom meetings for demos too so be sure to ask! Bonus is that while you chat at booths you are earning entries into the grand prize drawing for $1,500!

Chat in the Sessions

Navigate to the auditorium and join a live session- use the chat feature on the side to ask questions or make comments to presenters or other attendees and everyone.

Continue the Conversation

After each session just as if you were in person talking in the hallway after the session, you can "continue the conversation" here. Unlike the sessions where attendee video is off and only the speaker video is viewable- here attendees can see each other on video. It's a great way to feel connected with your network and get the most out of the session!

Example of How You'd Use

A session you are attending on the leadership track is 1-1:45, session ends at 1:45. In the chat box of that session, your host will put up the link to the post-session continue the conversation experience. OR you could hop over to this lounge, click on the leadership track button and you will see a pdf with clickable meeting times, find your session and simply click to join that post session continue the conversation experience. It's really easy- don't be afraid to join these- it will really elevate your time with us over the next couple days!

For the opportunity to continue the conversation all year long- join TribalHub's online community at *community.tribalhub.com*
